

i read the article at slashdot.org. my understanding is that there is a law already in place, it involves a search warrent.

i know the f.b.i. has to deal with the bad guys. and ANY help is well recieved. but at what cost? why do the good guys need to sneak around? what are the fundamentals of being a good guy, and what makes these fundamentals, fundamental?

p.s.

in this day and age, ANY communications can be faked. and EVERYBODY knows it.
